

**\*\*\*\*\* THE AUSTRALIAN SCOTTISH TERRIER STUDBOOK \*\*\*\*\***

**Part 1 – Imports 1889-2021**

This Report lists Imports, in approximate order of Importation.

A number has been arbitrarily allocated to each Import.

This has an important role when you are browsing Breeding Details, as rather than listing an Import there as “What A Beauty (IMP UK),” it is listed as “What A Beauty (123).”

This allows easy reference to full details of that Import in this Section of the Studbook.

As always, additions/corrections are welcome.
