

Part 2 - Kennels Summary 1890-2021

This Report, in two combined parts, lists a Summary of Kennel activity.

The first Report lists Kennels sorted in order of DoB of their first Litter. This gives a historical overview as Kennels come and go.

The second is in alphabetical order of Kennel Name.

Note: Some Kennel names have been used more than once, usually in distinctly different eras. I have identified these as, for example, "Montrose [1]" and "Montrose [2]."

All feedback is welcome!
