## Dear members

We hope everyone is coping with the 'lockdown' of COVID19. I know some of our members and their Scotties are getting very fit doing extra exercise and I am sure most scotties are getting lots more treats with their owners at home all the time. They really do know how to train us.

### Activities while in 'lockdown'

Over the next couple of weeks please send your photos in that you have taken or will take of you and your Scotties doing something together and we can publish them on our Website, so come on get those exercise activities happening and share your great ideas with everyone. ### Dogs NSW

As some of you would already be aware Dogs NSW still has a ban on dog showing in NSW. Hopefully the restrictions might be lifted later in the year.

The Club will keep you posted on any further news regarding this and also of our next events that will be happening soon we all hope.

Kind regards  
Committee of STC
